ORDER

19 The parties have submitted additional deposition excerpts for the Court's review.
20 This order includes the Court's ruling on objections contained in the excerpts. The order
21 will identify objections by the number of the deposition page on which they appear. If
22 more than one objection appears on a page, the order will identify the line on which the
23 objection starts. Where an objection is sustained, the order will identify the page and
24 lines that should be omitted, but if no lines are identified, the objection is sustained with
25 respect to all designated testimony on that page.
